Overview

What is eCRBA?

eCRBA allows eligible U.S. citizen parents to complete an online CRBA application, upload all required documents, and submit payment prior to the in-person interview. Eligible candidates include those that can answer “yes” to ALL the below questions:

- Was the child born abroad (outside the U.S. and its outlying possessions)?
- Is the child under the age of 18?
- Was at least one parent a U.S. citizen or U.S. non-citizen national when the child was born?
- Are you a biological parent of a child born abroad who is applying for that child?
- Can you pay online via pay.gov using a credit card or bank account?

If you answer “no” to any of the above questions, contact your [local embassy or U.S. consulate](#).

Document Purpose

This document will show step-by-step instructions on how to create, submit, and pay for a CRBA online using the new eCRBA system. If you are not able to complete an eCRBA, you may still complete a paper application and submit to your [local embassy or U.S. consulate](#). Please visit their [website](#) for more information on how to complete an in-person CRBA application.

Step 1: Create an Account or Sign in to Your MyTravelGov Account

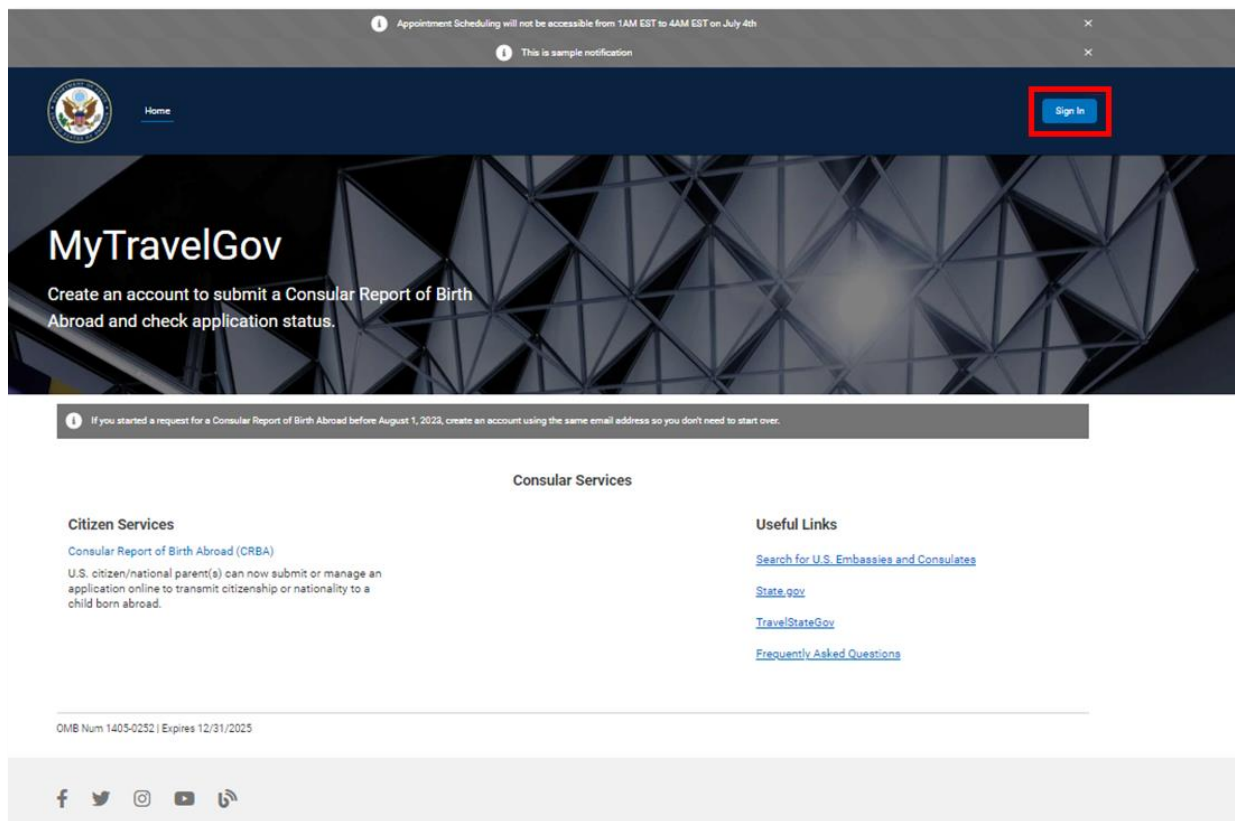

In order to apply for a CRBA you will start by registering for, or signing in, to your MyTravelGov account.

Note: Customers will need to create a MyTravelGov account to start a new eCRBA application, access an existing application, or to finish an in-progress application. Upon navigating to MyTravelGov, customers will be prompted to create a Login.gov account. If you have an existing Login.gov account, please login with your existing credentials. If you do not have a Login.gov account, please see the steps below to create an account.

Important Notice: If you had an existing MyTravelGov account and started or completed an eCRBA application prior to the integration of Login.gov with the MyTravelGov portal, you will need to create a Login.gov account using the **same email address** as your previous MyTravelGov account to access or view an existing application.

Once an account is made, you can create and complete the eCRBA application.

1a. Visit the [MyTravelGov](#) sign in page and click the [Sign In](#) button.

1b. If you have an existing Login.gov account, using the **same email** as your previous MyTravelGov account, select Sign In.

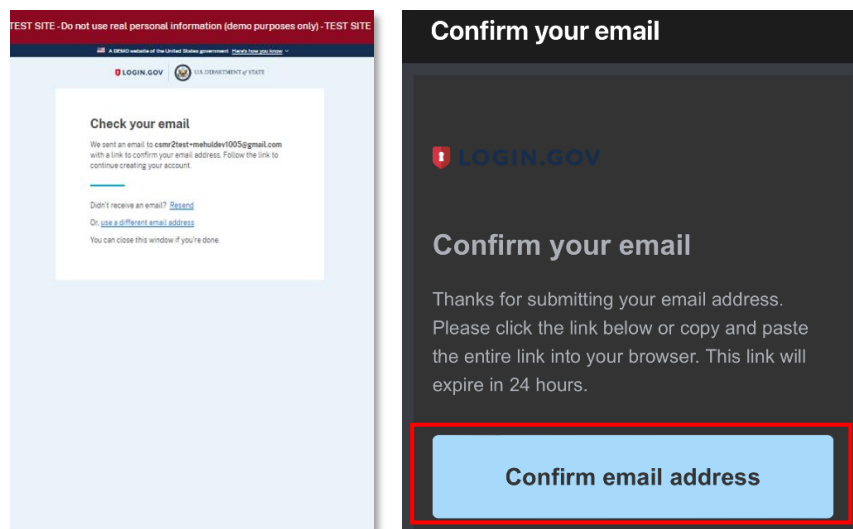

1c. Enter your email and password and select Sign in again. If you have forgotten your password, select Forgot Password underneath the Sign In button to reset your password.

1d. Create an Account: If you do not have a Login.gov account select Create an account. Select your language and read the Rules of Use policy, then check the "I read and accept the Login.gov Ruse of Use" checkbox and select Submit.

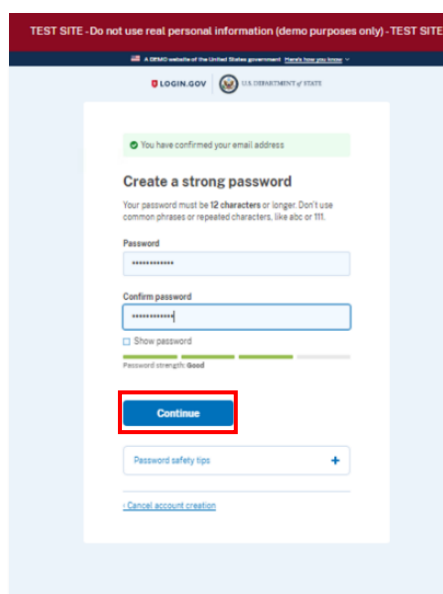

*Note: If you have an existing eCRBA application, you must use the **same email address** used for your eCRBA account to view your existing application(s).*

1e. Go to the email inbox you entered and open the “Confirm your email” message from Login.gov. Select the Confirm email address button.

1g. Create a strong password and select Continue.

1h. You will be asked to set up two authentication methods. Select your preferred method and follow the directions for setup. You may skip the second method.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- ☐ **Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- ☐ **Text or voice message**
Receive a secure code by (SMS) text or phone call.
- ☐ **Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- ☐ **Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
- ☐ **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.
